

## The Devils Seed

As we started we were three  
Crazy Wilson, Russ and me  
Abroad  
Hungry for Gold

Rumours had run through the town  
In the mountains gold's been found  
And hey  
We were on our way  
The very next day

**Chorus:**  
**Hungry for gold**  
**Our saddles filled with hope**  
**Hungry for gold**  
**A pan, a gun, a rope**  
**Hungry for gold**  
**Our lives bet on a dope**  
**Hungry for gold**

The desert seized us for six weeks  
Before we reached the mountain peaks  
The pains  
Had turned our brains

Russ frightened up one stormy night  
Eyes wide open, fled and cried  
A roar  
I don't know what he saw  
We swa him nevermore

Chorus: Hungry for gold...

So me and Crazy stayed behind  
Ten days of hard work we did find  
The gold  
Of which we had been told

But the fortune wouldn't stay  
We wanted us out of our way  
The greed  
Into the death did lead  
Gold's a devils seed

Chorus: Hungry for gold...

We're so hungry, hungry, hungry for gold 4x  
Hungry, hungry, hungry
